

The EsySuit™ Lateral

LESS DRAPING, MORE SURGERY

The one-minute draping solution that enhances the efficiency of your operating room!

In contrast to traditional draping, which takes 10 to 15 minutes, our easy-to-set-up drapes, saves time and streamlines workflow.

TIME SAVING

EASE OF USE

EFFICIENT STAFF ALLOCATION

INCREASED ERGONOMICS

ENVIRONMENTALLY FRIENDLY

IMPROVED EFFICIENCY

Better tools, More surgery

The Gripper™ System

LESS HOLDING, MORE SURGERY

ME-GR1000

The assistant in a box

- The Gripper™ System allows the surgeon to control the retractors without an assistant.

Human capital is vital in the OR. The Gripper™ System ensures stable and flexible retractor positioning, allowing nursing staff to be effectively deployed on more valuable tasks.

OPTIMAL VISIBILITY

IMPROVED EFFICIENCY

INCREASED STABILITY

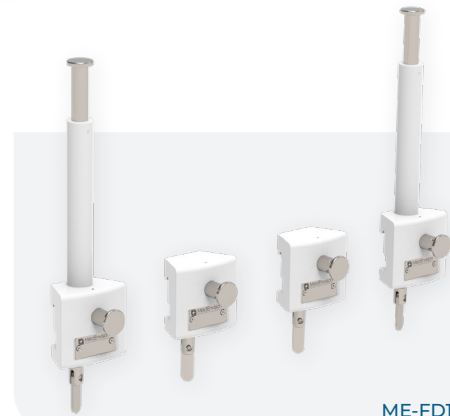

EFFICIENT STAFF ALLOCATION

24/7 AVAILABLE

BETTER SOFT TISSUE PRESERVATION
